

SPRINGFIELD HOTEL BURNED

LELAND DAMAGED TO EXTENT OF \$75,000.

One of Most Widely Known Hotels in Country—Fire Broke During Session of Republican Convention—Many Delegates Lost Grips.

Springfield, Ill., March 26.—Leland hotel, one of the most widely known hotels in the country, and which has been the center of political gatherings for thirty years, was damaged by fire to-day to the extent of \$75,000. The fire broke out while the Republican state convention was in session, three squares away, and when the delegates received word the hotel was burning, they leaped from their chairs, tore wildly for the doors and hastened to save their effects. No lives were lost, nor was any person injured. The fire originated from some unknown cause, the most generally accepted reason being crossed electric light wires. When the fire was at its worst, and it appeared nothing could save the building, word was sent to Decatur asking for aid, and an engine and fire company arrived at about 4 o'clock. The fire had been a long time under control, but the Decatur firemen were able to lend great assistance in finally putting out the blaze. Word was also sent to Jacksonville, but later was notified the fire was under control.

Newspaper Plant Threatened. The fire for a time threatened the building of the Springfield Journal, which is separated from the hotel by a narrow alley. The danger was so imminent, employees removed everything of value from the building that could be carried out. The Journal building would unquestionably have been burned, but for a change of the wind that carried the flames in another direction.

The fire was under control by 1 1/2 o'clock, but it was not until three hours later it was out for good. The roof, entire fourth floor and portion of the third were burned. Below the third damage was by smoke and water. The hotel must be refitted, and practically rebuilt before it can be used again.

Some Fire Incident. About 2 o'clock Congressman Lorimer and Cicero J. Lindly, deep water way apostles of Illinois met near Hulet's drug store. Congressman Lorimer remarked: "Lindly, where are we going to sleep to night?" "I don't know," replied Lindly. Congressman Lorimer and Lindly occupied rooms 210 and 211 and saved all their belongings. Postmaster Dan Campbell of Chicago was inquiring for his grip about 2 o'clock. He had heard some one had saved it. Handy Jones, the Crawford county leader and pure food commissioner lost some clothing. John J. Brown wore his usual placid smile and kept up his hand-shaking campaign on the street. He did not know what was left at his headquarters, but at the present time they were slow coming in.

Governor Deneen. Governor Deneen was at the convention at the time of the fire and neither himself nor his personal effects figured in the blaze although his headquarters suffered some loss.

Yates Banner Saved. The banner over the Yates headquarters was a historic one. It went through the deadlocked convention. Someone tore it from its moorings and took it to the Yates office in the Unity building. Gov. Yates prizes the banner very much. David Frank of Chicago, Yates' Cook county manager, lost his overcoat in the fire.

Open Caucuses. There were more open caucuses held after the fire than have ever taken place in historic Springfield before. Groups of politicians could be seen on every corner, very few knew when the convention adjourned and the common queries were: "What did you lose?" "Has the convention adjourned?"

Governor Yates Escapes. Governor Yates was sitting in his room No. 50 when the alarm of fire was sounded. A. L. French of Jacksonville, ex-member of the railroad and warehouse commission under Yates, had left the convention and entered the hotel just as the fire broke out. He rushed to room 50 and called to Yates and helped him get his grip. Yates grabbed his basket of cards containing the names of the callers at his headquarters, and his mail, which he brought to the hotel from his office about an hour before and rushed out of the hotel. As he rushed out of his headquarters some fellow in the lobby yelled out:

"Baked apples at Yates headquarters." It was no time for a joke, but there are always some who use the funny side of everything. Yates had also grabbed the grip of his secretary, Mr. Bancroft, who was at the convention, and everything was taken to his office in the Unity building.

Mrs. Henry Yates, sister-in-law of Governor Yates, had a room on the fifth floor of the hotel and lost everything except her ermine furs and some outer wraps.

Mayor Busse Loses Grip. Mayor Busse of Chicago came from the convention about 1 o'clock and passed Governor Yates, who had been watching the fire at the corner of the Methodist church and Fifth street. They exchanged a few words and Mayor Busse said he feared he had lost his grip unless some one had

taken it from the building. Busse hurried among the crowd making inquiry for his grip and was lost to view.

W. B. Moulton Silent Witness. W. B. Moulton, head of the civil service commission, stodd near the Sangamon club watching the flames leap along the roof, minus information regarding his grip and personal belongings.

Interurban Manager Fischer. General Manager Fischer of the Illinois Traction system, who has been here for two days helping Congressman McKinley with the Cannon end of the convention, was calm amid the trouble, as he always is, and remarked to a reporter that his grip was in the new part of the hotel and he thought it was safe.

Miller Weir Gets Grip. Miller Weir, national bank examiner, W. L. Pay, editor of the Journal, Postmaster Reeve and Col. J. R. Robertson, all of Jacksonville had room 26. Weir had a grip with valuable papers under the bed. He was sitting on the platform of the convention, but rushed into the hotel via the ladies' entrance and secured his grip.

EARTHQUAKE SHOCKS. Mexico City, March 26.—Mexico City was visited by two severe earthquake shocks to-day. The first shock occurred at 4:30 this afternoon, lasting 4 minutes and 28 seconds. No lives were lost and property damage was insignificant. The second shock occurred at 9:17 to night. Walls were cracked and clocks all over the city stopped. Theater crowds rushed to the streets. The people are considerably alarmed.

Investigation shows four people were injured during the quake, one mortally. The shock was felt over an area of 500 miles. Calle, San Francisco, the main thoroughfare of the city, was cracked in places for many blocks.

DEATH OF STEVENS

Utmost Grief Expressed in Japanese Capital—Wielded a Great Influence.

Tokio, March 26.—News of the death of Durham W. Stevens in San Francisco reached Tokio at 10 o'clock last night (Thursday) and was made known only to a few persons, who received their information from the Associated Press. The utmost grief is expressed by every one. Stevens was loyal American. He firmly believed that cementing the relations of America of the two countries would result in increasing the influence of America in the far east, insure peace and benefit Japan. During the recent immigration negotiations he wielded a great influence. He advocated complete stoppage of Japanese immigration, and urged adoption of most stringent regulations. He expressed these views, which ultimately were accepted.

The emperor has sent an imperial message of condolence over the death of D. W. Stevens, who died in San Francisco Wednesday night. The entire community was shocked at the news of Stevens' death and newspapers are issuing extra editions.

LEAVES CHINA.

Pekin, March 26.—Sir Robert Hart, who is returning to England after many years at the head of the Chinese maritime customs, was received in farewell audience to-day by the emperor and dowager empress. Sir Robert has been fully fifty-four years in the service of the Chinese government. The empress and emperor cordially thanked Sir Robert for his services to the country and made him a number of gifts.

PERSECUTION OF JEWS.

Campaign Inaugurated by Roumania—Worst Ever Known.

Berlin, March 26.—Roumania has inaugurated a campaign of persecution of the Jews, according to advices to the government here, equalling any thing of which Russia has been guilty. Acting under orders from the capital, the local authorities are expelling thousands of Jewish families from districts in which they have been unmolested for years and in some cases even for generations. The exiles have been reduced to destitution, but their appeals for justice are ignored by the Roumanian government.

The campaign is in violation of article 44 of the Berlin treaty of 1878 and the German press is urging the signatory powers to interfere in the sufferers' behalf. The expulsions are wholly unexplained.

ABIE RUEF AGAIN INDICTED.

San Francisco, March 26.—Three joint indictments have been voted by the grand jury against Abraham Ruef, Patrick Calhoun and Tiley I. Ford for having given and offered a bribe to supervisors. They will be required to furnish \$30,000 bail each. The purpose of these indictments is to force Ruef to trial. It is hoped to avoid the maze of technicalities in which Ruef has involved other cases by means of an immunity contract.

FAVORABLE REPORT.

Boston, March 26.—News from Governor Guild's bedside tonight was favorable, the report being that his condition had improved slightly.

STATEMENT BY WILLIAMS

MINORITY LEADER DEFINES ATTITUDE OF PARTY.

Tells What Legislation Recommended by President Roosevelt Will Be Supported by Democrats in the House.

Washington, March 26.—Representative John Sharp Williams, of Mississippi, as leader of the minority in the house, to-night issued to the press a statement defining the attitude of the Democratic party in the house toward legislation urged by President Roosevelt in his message to congress at the present session.

The statement describes what Republican legislation the Democrats will support, what they will oppose and what concessions they demand on the part of the majority as the price of refraining from organizing a filibuster throughout the remainder of the session. Williams opens his statement by saying:

"Some things in the president's recent message are so immediately important to the interests of the entire country as to pass the bounds of partisanship, and to make it excusable if not necessary for me to raise something concerning them with a view of assuring the president himself and reasonably inclined Republican members of the house and the country of support and endorsement, or opposition of the Democratic minority. In so far as things urged by the president are good things, I would like the country to know that all he has to do is to deliver twenty or twenty-five Republican house votes in favor of them. These co-jointed with solid Democratic votes will put them through."

To compel publication of campaign contributions; an employers' liability law federal liability to government employees prohibition of issuance of injunctions without notice to the party enjoined; removal of tariff on wood pulp and printing paper; imposition of federal charge for every waterpower right granted on navigable streams are principles and measures urged by the president with which Williams, as a minority leader, favors.

Senate. Although senators went to the capitol to-day expecting to devote their time to considering the currency bill, their attention was diverted to credentials of Senator Elect John Walter Smith of Maryland. The result of a long debate was seating of Smith. The currency bill then was taken up and amendments considered until adjournment.

IGNORES INJUNCTION.

Another Article in Federation Organ Regarding Unfair Firms.

Washington, March 26.—The April number of the American Federationist, official organ of the American Federation of Labor, will tomorrow contain a long article by President Gompers discussing recent decisions of the supreme court adverse to labor organizations. The paper again omits from its pages the "We don't patronize" and "unfair list," but notwithstanding the action of Chief Justice Clegg, of the District of Columbia supreme court, who on Monday issued a perpetual injunction against the federation placing the name of Bucks Stove and Range company in either of those lists, or interfering with the company in any way, there is in course of the editorial a repetition of the statement made in the last issue and before the court's decision "That there is no law nor court decision compelling union men or their friends to buy any of the things upon which labor has placed the stamp of disapproval." The injunction of Clegg is so sweeping further developments, in view of the statement above quoted, are awaited with interest.

NO INSTRUCTIONS.

Rhode Island Republicans Silent on Presidential Question.

Providence, R. I., March 26.—The Republican state convention to-day refrained from instructing delegates to Chicago and from expressing preference for any candidate for the presidential nomination. No resolutions on the subject were introduced. The delegates at large to the national convention are Andrew J. Currier of Cumberland, Alexander C. Crumb of Westerly, Ezra Dixon of Bristol, and John Fletcher of Providence. The convention adopted a platform endorsing the national administration.

LITTLE HOPE FOR PENROSE.

Philadelphia, March 26.—The condition of United States Senator Penrose is said to be very grave to-night and little hope is given for his recovery.

WOODFORD'S VIEWS

Talks in Favor of Hughes—Does Not Think Taft Can Carry New York Next November.

Albany, N. Y., March 26.—In an address delivered to-night Gen. Stewart L. Woodford, president of the National Hughes league, expressed the opinion Taft cannot carry New York next November. He said the league is not fighting Roosevelt; that he was an admirer of the president and that "When final history makes up the record of to-day he will stand among the great men of this generation."

Speaking of Taft, he said: "I fear Taft cannot carry New York next November. I do not believe we can elect a Republican president without the vote of New York. I do believe Governor Hughes can carry New York, and that if we nominate him at Chicago the plain people will take him up as a second Abraham Lincoln and bear him in triumph to the presidency."

Woodford said that "the great financial and business interests at New York city have practically abandoned Hughes and taken up Taft," but he did not believe wealth will nominate this time. He declared emphatically that New York is "For Hughes first, last and all the time."

DIED OF BULLET WOUND.

Supposed to Be Man Who Tried to Rob Christmas Bank.

Chicago, March 26.—Alfred Miller, of Cleveland, Ohio, died in Englewood hospital here to-night from a bullet wound, which police assert he received at Christmas, near Danville, Ill., yesterday. The man was found on the door step of M. H. Flannigan, 6017 Green street, last night, but the police were not notified until he had been removed to the hospital. After Miller's measures were taken it was found they corresponded with those of "Ed. Fuller," arrested ten years ago for safe breaking. According to deductions of police, Miller was one of three men who tried to rob the safe of the bank in Christmas March 25. The trio were fired upon by the watchman, who wounded one of them. All three drove away. Police assert Miller travelled over 150 miles with a bullet hole through his body, and without attention until he reached Englewood.

HIGHWAYMAN KILLED.

Lost His Life in Battle With Chicago Policeman.

Chicago, March 26.—A highwayman was killed in a daylight fight battle between a solitary policeman and three robbers who had terrorized a whole district and then emptied their pistols at their pursuers. The tragedy was the finale of a series of holdups in which the thugs were evening dress suits, seized a cab and robbed every belated pedestrian they met. The dead footpad has not been identified. He was shot through the back of the cab in the head. The highwaymen began operations at 3 a. m. by hiring a cabman to drive them to the Alexandria hotel, Rush and Ohio streets. They pretended to be slightly intoxicated. The cabman supposed they comprised a theatre party which had stopped in a down town restaurant for supper.

ARRESTED ON SUSPICION.

Bloomington, Ill., March 26.—John Kennedy of Springfield was arrested to-night on suspicion of being the third man in the party who robbed Frank Frorer in Lincoln yesterday. They got \$5,000. Kennedy had only \$40. He refused to talk.

TAGGART RE-ELECTED.

Indianapolis, March 26.—Thomas Taggart was re-elected Democratic national committeeman from Indiana to-night by the newly elected delegates to the national convention. Twenty-four of the thirty delegates voted for Taggart. Two did not vote.

STANDARD OIL CASE.

Austin, Tex., March 26.—The mandate of the civil appellate court affirming the judgment of the trial court in the case of Texas vs. Waters Pierce Oil company was received to-day and execution at once issued upon property in Texas belonging to the company. The total amount which the defendant will be required to pay is \$1,625,108.

Capital.

"Let me illustrate the difference between capital and labor," said the rich uncle to the impecunious nephew. "Suppose I give you \$5." "That's capital," replied the nephew, extending his hand for the money.—London Telegraph.

CANNON'S BOOM STARTED OFF

ENDORSED BY ILLINOIS REPUBLICANS FOR PRESIDENT.

Convention Selects Four Delegates, Declares in Favor of Revision of Tariff and Endorsed Administrations of All State Officers.

Springfield, March 26.—Republicans of Illinois to-day enthusiastically endorsed Joseph G. Cannon as a candidate for president, declared in favor of revision of the tariff, and elected four delegates at large to the national convention.

The delegates are United States Senators Cullom and Hopkins, Governor Charles S. Deneen and Mayor Fred A. Busse, Chicago. The convention also endorsed the administration of Governor Deneen and that of all other state officers.

The Cannon men had things entirely their own way, and there was not a whisper of opposition throughout the day. All motions were passed unanimously and without argument, and the applause that greeted the reading of the plank endorsing the candidacy of the speaker was great and enthusiastic.

Just before the reading of platform the convention took an impromptu and sudden adjournment because of the fire in the Leland hotel, and many delegates never returned to the hall, spending their time in either watching the fire, or in looking for their effects. After the interim of an hour, the convention was called to order the second time, and the final part of the program carried out.

Text of Platform.

The Republican party of Illinois assembled in convention to-day to re-affirm the principles of this state and the nation that 52 years ago our great party was founded on principles that are as eternal and as necessary in republican government as our axioms in mathematics. The Republican party now composed of men who have come to manhood since the war of the 60s pledge that we will ever salute the dead patriot hosts of all wars and will continue to remember, in the most solemn manner, the soldiers and sailors of all our wars who are yet living and also their widows and orphans, knowing that we can never repay their services to the country.

Principles Still Prevail.

Republican principles are as vital in 1908 as they have been in previous years. They must guide us in the future as in the past, in meeting and solving the questions now pending and those which may arise. We therefore again announce our faith in Republican principles and policies and pledge ourselves to do all in our power to elect the presidential nominee and all state Republican nominees on next November.

Roosevelt Endorsed.

"That we endorse the administration of President Roosevelt for his energy and success, for recommending to congress many measures of the greatest benefit to the general welfare and for vigorously enforcing the laws on the statute books."

The Tariff Plank.

The present tariff law, which was passed at the special session of the 51st congress, convened by President McKinley, has amply justified all the promises and hopes of its advocates and supporters. The long continuance of the benefits conferred by the present tariff has produced an industrial situation that suggests the possibility of securing by the revision of the tariff additional benefits for the people of the United States, through a wise continuation of the policy of protection. It is now apparent to maintain the scientific accuracy of the tariff, remove inequalities and prevent injustice, some new schedules must be added to the law, some of the present rates must be lowered, while some must be repealed altogether.

Declare for Revision.

We therefore recommend to our delegates to the national convention that they urge upon the convention the wisdom of declaring for a revision of the tariff to be made at the next session of congress at a special session to be convened immediately after the inauguration of the next president, March 4, 1909.

No Shelter for Trusts.

Secondly, that no illegal or unjust combination, trust or monopoly, shall find encouragement or shelter in any of its provisions.

Financial Legislation.

We favor such financial legislation as will give to the country districts the same protection as to the central reserve cities and prevent recurrence of financial disturbance, and we have confidence in our chosen leaders in congress that proper financial laws will be enacted. We approve the vigorous enforcement of the interstate laws against all combinations, monopolies, and trusts and will support the enforcement of such laws until justice prevails.

Senators Endorsed.

That we heartily endorse our senator, Hon. Shelby M. Cullom, for his long, able and spotless public life, and wish him many years of health and peace. We also endorse the record of our Junior Senator, Albert J. Hopkins, who has given all matters pertaining to the interest of the whole country, and especially to Illinois, quick and effective attention and has shown himself one of the ablest senators Illinois has

sent to the Upper House of Congress.

Administration Commended. We commend the excellent administration of the governor and all state officers, for the clear business-like, honest, and efficient manner in which it has conducted the executive business of the state, as shown by the present excellent condition of the state finances, the state institutions, and the various departments of the state government; and for the splendid manner in which it, assisted by a Republican general assembly, has redeemed the pledges of the party platform in the passage of:

The primary election law, the civil service law, the law requiring state treasurers to turn into the state treasury, interest on the public funds, the legislation revising and improving the state insurance laws, the laws fixing a two-cent passenger rate and securing a substantial reduction of freight rates in this state, the laws concerning the construction of a new district to carry out an internal improvement commission, the state highway commission, the geological survey commission and other important legislative measures.

Endorsement for Cannon.

The loyal and able services of Speaker Joseph G. Cannon are well known, also his efforts for good government, for safe business and better conditions of labor, and his loyal support of President Grant, Hayes, Garfield, Arthur, Harrison, McKinley, and Roosevelt, are matters of history. He has advocated, voted for, and put his impress upon, all the laws for public affairs which have been enacted by the United States for over a third of a century. President Roosevelt himself tells the country how faithfully and efficiently Speaker Cannon has stood by him in his great work, and no one is more entitled to carry forward those great reforms, or better prepared to do so than Speaker Cannon, who always faces to the front and moves forward.

And believing that Speaker Cannon is eminently fitted in every way to be the party's national standard bearer in the campaign of 1908, therefore we unequivocally instruct our delegates and alternates to the national convention to meet in Chicago, June 16, to cast their votes for Hon. Joseph G. Cannon, and to use every honorable means to secure his nomination, and we earnestly request our district delegates to use the best influence in support of his candidacy.

IOWA DEMOCRATS.

Convention Was Bryan All the Way Through.

Cedar Rapids, Iowa, March 26.—Bryan's name came lustily from every Democratic throat at the state convention to-day. Bryanites who have been loyal through all the years were selected as delegates at large, the platform was made by a resolution of Bryan's Nebraska platform and endorsement of Bryan in the Omaha platform made stronger and more eloquent by his Iowa admirers. Every mention of his name was greeted with storms of cheers. When the resolutions committee met it heard the request from Bryan that the ideas of the Omaha platform be endorsed by the Democrats of Iowa. There was some sentiment in favor of the Nebraska platform in toto, but finally it was re-written.

Delegates at large were not chosen until nearly 7 this evening. They are Claude R. Porter of Centerville, Jerry B. Sullivan of Des Moines, E. Dunn of Muskegon City, who were chosen on the first ballot; and C. F. Duncombe of Fort Dodge, who won out in a contest with General Weaver on the second ballot. A special plank for Weaver was made by the former standard bearer of the party, Fred White, but the river counties defeated him because of his former alignment with the Prohibition party.

Indiana Democrats.

Indianapolis, Ind., March 26.—The Indiana Democratic state convention closed a two days' session to-night after naming a state ticket, adopting a platform and instructing delegates to the national convention for Bryan, John W. Kern of this city, was endorsed for vice president. There were six candidates for governor and the nomination was made on the fifth ballot. There were four candidates for lieutenant governor. For governor Thomas L. Marshall of Columbus City, was named and Lieutenant governor, Frank J. Hall of Rushville.

NIGHT ATTACK FATAL.

Cass County Fish Dealer Expires From Heart Failure.

Virginia, Ill., March 26.—Leroy Schaeffer of Beardstown, deputy coroner, was called to Philadelphia this morning to hold an inquest on the body of William McLin. The deceased has been a fish dealer for some years and yesterday made his usual rounds, retiring at an early hour last night, seemingly in his usual health. About 9 o'clock he was seized with an attack of heart failure and was dead before a physician could be summoned. The deceased was a native of this county, 59 years of age.

HELD TO CIRCUIT COURT.

Ann Arbor, Mich., March 26.—C. Roy Rook of Bowen, Ill., and O. G. Emerick of Galveston, Ill., two of the fifteen students arrested during the outbreak at the Star theater ten days ago, were bound over to the circuit court for trial on charge of rioting. Bail was fixed at \$1,000 each.

BLEW POSTOFFICE SAFES.

Terre Haute, Ind., March 26.—Robbers blew open safes in the post-offices at Marshall and Westfield, Ill., twenty miles west of here. All cash and stamps of both offices were taken.

ARRAIGNMENT OF PRESIDENT

ANOTHER DEMOCRATIC CONGRESSMAN HEARD FROM.

Roosevelt Accused of Usurping Power of Congress and Judiciary—New Maryland Senator Seated—Other News From Washington.

Washington, March 26.—More shafts of sarcasm were aimed at President Roosevelt in the house to-day. In one of the most scathing arraignments of a public officer ever heard in that chamber, Beall (Tex.) charged the president with having been guilty of usurping the power of the national legislature, but the Judiciary as well. Congress had, he said, abdicated to him its powers and the Judiciary of the county felt the effect of his influence. God and the future alone knew, he declared, just what niche he was to occupy in the temple of fame of this country.

The agricultural appropriation bill was considered for amendments, and when it was laid aside for the day, there had been stricken out the provision for new weather stations in Texas, Kansas, Virginia, Michigan, Vermont, Missouri and Indiana.

WORLD GROWING BETTER.

Declaration Made by Bryan in Address Delivered.

Washington, March 26.—That the world is growing better and that every good cause is going to be benefited by the onward march of progress was the declaration of Bryan in an address under the auspices of the Ancient Order of Hibernians here to-night. Bryan gave as one evidence of progress the intellectual, political and moral advance spreading throughout the world. Bryan paid a high tribute to the Irish race and the part they have played in the affairs of the world.

CHICAGO WEATHER.

Chicago, March 26.—Genuine spring weather prevailed in Chicago to-day, sending the mercury up to 71 at noon, a record high mark for the year. Then a wind sprang up from the north clipping a degree a minute.

LEAVE PORT AU PRINCE.

Refugees Prefer to Live Somewhere Else.

Port au Prince, March 26.—Refugees in various legations in Port au Prince to the number of seventy-five will leave here for Kingston tomorrow morning on board the German cruiser Bremen. All but two refugees refused to give guarantee of safety if they should elect to return to their homes. They preferred to leave the country. The United States gunboat Marietta arrived to-day from Guantanamo. The United States cruiser Des Moines has been here for some time past.

CONSPIRACY TO DEFRAUD.

Philadelphia, March 26.—Homer L. Castle of the Pittsburgh council; H. F. Aspinwall of Freeport, Ill.; treasurer; Col. S. K. Ford, president; Arthur Williams and H. M. Ralston, directors, all of Chicago, and other officers of the Standard Trust company of this city, which failed to open its doors after organization following investigation by a bank examiner in March last year, were held in \$2,500 bail each for trial here to-day on charges of conspiracy to defraud.

\$50,000 FOR HER FACE.

Woman Asks Damages Because Doctor Left Scar.

Chicago, March 26.—A scar on the face of Mrs. Mary E. Furst, said to have resulted from the treatment of Dr. Junius M. Hall, who strove to cure neralgia, is the basis for suit brought in the county court asking for \$50,000 damages. Mrs. Furst says the disfigurement is worth that much to her; but being a woman she would rather have her beauty back than get the money.

She declares she went to Dr. Hall for treatment; that he gave her morphine and while she was unconscious applied the hot iron to her face. Carelessly, she alleges, he allowed the iron to stay until it had burned her terribly and left an unsightly scar. She admitted that he neralgia was gone.

SUIT AGAINST PAVEY.

Mt. Vernon, Ill., March 26.—A suit for \$45,000 was filed to-day against former Auditor General Pavey of this city by Attorney General Stead to recover alleged shortage fees of \$19,000 claimed to have been used by Pavey while he was auditor.

A DRAMATIC EVENT.

Thursday, April 2, the Date—A Home Play by Home Talent.

Next Thursday evening at the opera house, Mrs. Allerton Palmer will present one of her original plays with a cast composed of the best of local talent and the program will be interspersed with superior music by Jacksonville people also. Mrs. Palmer has gained an enviable reputation as a writer and her own city has good reason to be proud of her. The play on this occasion will be one of her best and the public may rely on seeing something of superior merit. The proceeds all will go to the Passavant hospital, Mrs. Palmer and all her assistants giving their services free, so that the principal expense will be the use of the opera house.

KILLED WHILE BLOWING STUMPS

George Lukeby Meets Death on Farm of A. D. Arnold, East of City—Dies at Passavant Hospital.

George Lukeby of this city was fatally injured Thursday afternoon while blowing up stumps on A. D. Arnold's farm east of the city. He was brought to Passavant hospital at once, and everything possible was done for him, but he died about half past 6 o'clock. The deceased was about 50 years of age and leaves a wife and four children, two daughters and two sons, who now are living in Alton. He had worked all winter for John Kingsley and was known as a hard working, sober, industrious man. He went to work for Mr. Arnold yesterday and in company with Norman Baptist was engaged in blowing up stumps about half a mile from the house, and in this particular instance they had prepared the charge and retreated some fifty or sixty yards, when the blast came and a heavy piece of wood, weighing some fifty or sixty pounds, came down and struck him on the head, rendering him unconscious. Mr. Baptist at once summoned aid, and Mr. Arnold started to the city with the wounded man in his buggy; at same time a telephone message was sent in for the ambulance, which met Mr. Arnold at about the old Morton farm and the exchange was made and the unconscious man was brought to the Passavant hospital. Dr. Carl E. Black was at once summoned and did all that medical and human aid could do for the man, but to no avail, and he passed away about 6:30. The remains were taken to the Reynolds undertaking parlors and on account of the absence from home of Coroner J. H. Spencer, Deputy Coroner George P. Davis was notified and the inquest will probably be held this morning.

RUMOR DENIED.

I wish to state that the rumor that I have sold my livery business is without foundation. I have just added to my already large and well equipped stock, and am better prepared than ever to do light and heavy livery. When you are in need of a stylish and up-to-date turnout give me a call. I also run a carriage and bus line and meet all trains. I will call or deliver passengers to any part of the city and earnestly solicit a share of your patronage. A call by either phone will receive prompt attention. J. W. Woods.

AN EXCEPTIONALLY GOOD RECORD.
Jed Seymour, who resides on Richards street and who is over 76 years of age, yesterday planted and covered with his hoe four and one-half bushels of potatoes, and if nothing happens to prevent he will take care of them until they are harvested. This is a task that would be hard for many a younger man, but to a man that is as old as Mr. Seymour it is a labor of which to be proud.

"THE YELLOW PERIL."

Interesting Lecture Given at Ebenezer Church by Prof. E. R. Fulkerson of Iowa.

A large audience was present last night at Ebenezer church to hear the lecture, "The Yellow Peril," by Prof. E. R. Fulkerson of Iowa. Prof. Fulkerson is making a lecturing tour of the West Jacksonville district of the Methodist church. His lecture was amply and superbly illustrated last night by stereopticon views. The views were taken in Corea, Japan and China and were of the finest kind. The lecture was educational and those who attended were more than pleased. Prof. Fulkerson spent twenty years in the Far East as an educator and as vice consul of the United States at Nagasaki, Japan. After the program a collection was taken. This was the first of a series of lectures to be given in Central Illinois.

RUN DOWN—TIED.

Jacksonville People Who Are in This Condition Are Asked to Read This Article.

There are many people in this vicinity at this season of the year who are all run down, no strength—hardly able to drag about. Don't know what ails them.

We want to say every such person that our cod liver preparation, Vinol, is the tonic reconstructor which they need. Vinol tones up the digestive organs, creates a healthy appetite, makes rich red blood, and strengthens every organ in the body to do its work. In this natural manner strength and vitality quickly replace weakness and lassitude.

Miss Rose Blair, president Sophomore club, Kansas City, writes: "Last spring I was all run down, nervous, irritable and could not sleep. I tried many medicines without benefit. Vinol was recommended. It was delicious and not at all like the greasy cod liver oil and emulsions I was used to. Vinol gave me a hearty appetite and restored me to perfect health and strength."

Vinol is recognized throughout the world as an unexcelled strength creator for old people, weak, sickly women, delicate children and the convalescent.

Try Vinol on our offer to return money if it fails to give satisfaction. Lee P. Allcott, Druggist, Jacksonville, Ill.

Spring Styles and "Boland" Quality

If you're "style wise" nothing could give you greater satisfaction than half an hour in Boland's. We believe you'd confirm the wisdom of our selection. Our display is comprehensive. All the good new style and fabrics in brown, tans, grays, dozens of fascinating shades, variations, which must be seen to be appreciated.

Words might describe the styles after a fashion, but cold type never could do either styles or quality half justice even. They're "Boland" quality. That means a little better than your money ought to buy; a good deal better than it will buy elsewhere.

Overcoats, the long rainproof sort in abundance. Three-quarter lengths too. Pick your own color and price.

Suits. Choice unlimited. We add to the quality and subtract from the price.

Result: Better for your money. Come, see.

Hats and Furnishings galore. This display alone is worth considerable trouble to see.

It's right if Boland sold it

The Ayers National Bank

Is banking headquarters for Jacksonville for Otwell's Farmer Boys

Mr. Otwell in the January Farmer Boy says of this Bank:

"This bank is banking headquarters for farmer boys. Successful farmers direct its policy and it is pre-eminently the farmers' bank."

It does a general banking business and conducts a savings department for savings deposits on which it pays 3 percent interest. Every farmer boy and girl, too, should have a savings account and watch it grow.

Such an account increases rapidly and provides a nice capital to help commence business with when school days are over.

The officers of the bank would like to know all the farmer boys and girls of Morgan county and would be pleased to have them come in the bank and get acquainted.

The directors are men of wide experience in agriculture and business and would be pleased to serve in any way in their power the farmer boys and girls and their parents and friends."

BURGLARS TAKE \$5,000 IN GOLD

JOHN W. CORRINGTON VICTIM OF CLEVER HANDS.

Residence Entered Some Time After Mid-Night Through Kitchen—Boxes—Containing Money and Papers Were Left at Barn and Thieves Make Escape by Use of Buggy and Horse of Owner—Police Find no Clue.

John W. Corrington, a retired farmer, who makes his home with his daughter, Mrs. J. M. Thompson, 1310 South Clay avenue, was robbed of \$5,000 in gold early Thursday morning, between mid-night and 3 o'clock, the burglars making good their escape.

Mr. Corrington had been down town last Friday, shortly after dinner, and had gone to the Hockenbush-Elliott Bank and Trust company, where he asked for the amount, desiring it to be paid in gold, which was done of \$20 denomination. He was sitting inside of the railing talking with Mr. Frank Elliott, while the money was being prepared for him, which later was delivered in a sack. After a few moments' conversation, Mr. Corrington took the bag of gold, slipped it under his coat, went out of the front door of the bank, around to East Court street, where he had his horse tied. After putting the money under a blanket, he drove directly home and carried the package in the horse blanket into the house. Here he transferred the money to a tin box, locked it securely, and put it into the upper bureau drawer, which was also locked.

The burglary was not discovered until Mr. Thompson got up to start the morning fire. When he entered the kitchen he noticed that the door, which was bolted, had been opened by means of a blunt piece of iron. He at once hastened to awake his wife, who dressed as hurriedly as possible. Discovery was made that the room where the money was hid, had been entered and the open bureau drawer revealed the fact that burglars had been at work.

Mr. Thompson notified some of the neighbors and also met Charles Corrington, and told him of the theft. A search around the premises revealed the fact that the burglars had taken the bundle to the barn nearby and emptied the contents. They also found there, two vests, one belonging to Mr. Corrington and one to Mr. Thompson. Besides the money stolen Mr. Corrington had nearly \$40 in bills and silver taken, his gold watch, valued at \$200 and his woven solid gold watch chain. Mr. Thompson's gold watch and chain was also stolen and \$3 in money.

After the booty had been secured the burglars, hitched up the horse and phaeton of Mr. Corrington and hastened away. Mr. Corrington's horse is clay bank color and is well known throughout the county and during the morning a party, who recognized the horse, telephoned in from the north part of the county that the horse belonging to Mr. Corrington had been found. Mr. Corrington sent for the horse, which was near the farm of Van Thompson, two and one-half miles north of Sinclair, unhitched from the phaeton and gave evidence of hard driving.

The police were notified of the burglary, but up until a late hour last night no clue had been found. It was a clever piece of work and the doers were also clever in covering up their tracks.

Mr. Corrington's Statement. In conversation with Mr. Corrington last evening, he said that he was at a loss to know who took his money. He said he had drawn out the money for use, and had taken it home without telling any one about it. One afternoon he had the money out and counted it over and put it back into the bureau drawer, which he securely

fastened, the lock being a double one. The tin box which contained the gold was about fifteen inches long and ten inches wide, and about five inches deep. It was also locked with a padlock. Besides this box Mr. Corrington had another locked, tin box, which contained some valuable papers. Entrance was made into the boxes by means of some iron instrument. The papers were scattered about and as yet the owner has not been able to ascertain whether any of them are missing or not.

Mr. Corrington, speaking further of the theft, stated that he had been sleeping in the front room for the past week and had not been in his bed room where he had placed the money. He is certain that no one knew of the money, and no one would suspicion him as he had not been in the habit of keeping money around the house. When asked if he heard any one around that morning, he said that he was rather hard of hearing, but that he had faint recollection of some one walking about having felt the vibrations. Mrs. Thompson also declares she had a noise, but thought nothing about it as their dog was accustomed to paw and scratch at the door.

Details of Theft. An examination showed that the burglars had at first attempted to get into the house through the small window on the south side of the kitchen. They had broken part of the screening, when this method of entrance was abandoned. There was a lock on the kitchen door, but was not used that night, only the bolt being in service. The thieves had gone through the dining room to the front room, where Mr. Corrington was asleep and had taken his vest from under his coat, which was over a chair at the head of the bed. The watch they took from the vest was one that Mr. Corrington prized very highly. The boldness of the men was shown when they entered the room where Mr. and Mrs. Thompson were asleep and took Mr. Thompson's vest. There were two other drawers to the bureau where the money was hid, but these were left unmolested, except for a few papers thrown about, everything was intact, except Mr. Corrington's bank book, which was missing. It was suspected that chloroform had been used by the parties, but no evidence was present.

Mr. Corrington is well known in the city and throughout Morgan county. He is over 70 years of age and came to this part of the county with his parents when 10 years of age and the family settled about fifteen miles northeast of the city on Indian creek. Mr. Corrington has been a farmer most of his life and has accumulated considerable estate. About ten years ago he moved to the city and for a time resided with his son-in-law, J. W. Woods, and since last May had been living with his daughter, Mrs. J. M. Thompson, as mentioned above. He has always been an industrious, business like citizen. While the loss will not embarrass him in the least, his feelings in the matter are best expressed in the statement he made when told of the fact in the morning: "I guess somebody wanted the money worse than I."

What is Soic Raye?

The Gentle Rebuff. "Immeasurable are the rebuffs that the helpers of the poor, the seekers after charity for their suffering brothers undergo," said a New York charity organization official. "A friend of mine, a Methodist minister in a small western town, told me the other day of his last rebuff, a not unkind one. Entering the office of the local weekly, the minister said to the editor:

"I am soliciting aid for a gentleman of refinement and intelligence who is in dire need of a little ready money, but who is far too proud a man to make his sufferings known."

"Why," exclaimed the editor, pushing up his eyeglasses, "I'm the only chap in the village who answers that description. What's this gentleman's name?"

"I regret," said the minister, "that I am not at liberty to disclose."

"Why must he be so sure. Heaven prosper you, parson, in your good work."

An Unburied Picture. Rossetti secured permission in 1869 to reopen the coffin of his wife in order to secure the manuscripts of some poems which he had buried with her seven years before.

Some such incident might have occurred in connection with J. M. W. Turner if his desire to be buried wrapped up in his own painting of "Cartage" had been carried out. There was some difficulty in selling the painting, and the artist kept the canvas by him. He always said he would be wrapped in it when he was buried and even went so far as to ask Chantrey if as his executor he would fulfill his wishes on that point.

"No doubt," answered the sculptor, "I shall bury you rolled up in your picture if it is one of the conditions of your will, but I would take you up next day and unroll you!"

Price of His Treason. Benedict Arnold died in London June 14, 1801. His life after his treason was a most unhappy one. He was avoided by men of honor and on many occasions deliberately insulted. He received a considerable sum of money from the British government and made several unsuccessful attempts to engage in business in British America and the West Indies and finally returned to London, where he died in obscurity. His second son, born in 1780, entered the British army in 1798, served with credit in many parts of the world and three years before his death in 1854 was made a lieutenant general.—Household Companion.

TEXAS TALKS

WHAT WILL
10 ACRES DO?

When Horace Greeley made his first trip to California, and was being shown the giant trees by a friend, he stopped to measure one that he might tell his New York friends of it. His friend insisted that he take the measure of one of the largest ones, and Greeley replied: "It will be hard to get them to believe this."

This is the way one feels when attempting to tell the farmer of the northern states what can be done on a ten-acre, irrigated farm in the arid belt of the gulf coast country of Texas.

On ten acres of land the following table shows what has been done. This is no more than an average crop, and can easily be repeated.

Figs, 2 acres \$ 600.00
Peaches, 1 acre 250.00
Bermuda onions, 3 a. 900.00
Peppers, 1 acre 500.00
Tomatoes, 1 acre 300.00
Grapes, 1 acre 300.00

Total \$2,850.00
This leaves an acre of ground for house, etc. Suppose the crop on a portion of the above should be short, which seldom happens, because you don't have to depend on rain. The shortage can easily be made up, as any of the vegetables named above occupy the ground for a short time, and new crops can be planted. Besides, much of the ground in fruit can be planted to grain or vegetables.

SANTA RITA
STARR COUNTY

Is adapted in every way to the production of fine fruit and vegetables, and is several weeks ahead of most of the gulf coast section in maturing its crops. Land can be bought there for a short time only at \$15 per acre, payable on very easy terms, without interest.

PREVENT VOTE ON LOCAL OPTION

Saloonkeepers of Springfield Will Ask
Judge Thompson to Issue Writ
Against Election Commissioners.

State Register: Judge Owen P. Thompson of the St. Louis county circuit court will have the final power of deciding whether the people of this city will have an opportunity of voting on the question of local option at the coming spring election. A petition for a writ of prohibition will be filed to day in the circuit court, either by the people of the state of Illinois or by M. Link, ex. rel. people of the state of Illinois.

The petition for the writ was submitted to State's Attorney Frank Hatch yesterday afternoon and one was also submitted to Attorney General Stead. If both of these officials refuse to file the writ in the name of the people the writ will then be filed in the name of M. Link.

Writ Never Issued Before.
The writ of prohibition is a common law writ and has rarely been applied for and never issued in this state in the petition for the writ. Various steps taken by the Personal Liberty league are set out, the fact that the election commissioners refused to sustain the objections to the local option petition, and the fact that notice has been given by the election commission that the matter will be submitted to the voters at the coming spring election.

If the writ is issued by the court the election commissioners will be prohibited from placing the local option question on the ballot. If the petition is denied the people will have the opportunity of voting on whether Springfield shall be an anti-saloon territory or not.

The anti-saloon people will then either demur to the writ or answer, and in this was the question will be brought before the court for its decision.

Only Way to Get Into Court.
The attorneys for the Personal Liberty league have been waiting for official notice from the election commission that the question of local option would be submitted to the voters at the coming election. This notice was given Tuesday.

Attorney Paine stated yesterday that this is the only writ on which the matter could be brought to the attention of the court. An injunction would not apply because there is no equity involved. The writ of certiorari would apply in this case, but under this writ a hearing would be impossible until the next term of court, which would be after the spring election. Under the law the writ of prohibition is not allowed where any other remedy is available.

HOME CITIZENS IN LELAND FIRE

Lively Time Experienced in Getting
Personal Belongings From Hotel.

The Republicans of this city who went to Springfield Thursday to attend the state convention experienced no little trouble during the trip. Those who did not leave for Springfield Wednesday and expected to go over the Wabash yesterday on the passenger at 2:34 or at 8:28, met with trouble at the start, as No. 28 was derailed at Neelyville and instead of arriving at 2:34, did not reach the city until noon and thus delaying the other trains bound for the east and kept them waiting at the station most all the morning and until afternoon. A number who were there were guests at the Leland hotel and experienced great difficulty in rescuing their grips and belongings. Among those who were guests at the Leland hotel were Andrew Russell, Col. John R. Robertson, Miller Weir, Sheriff Graft, W. L. Fay, George Sybrant, Judge Layman and others, who with the exception of Mr. Sybrant were attending the convention when the fire broke out. Mr. Sybrant was at the hotel at the time of the discovery of the fire and at once went to Mr. Russell's headquarters, which were on the first floor, and began packing valuables. Mr. Russell's headquarters were damaged only by water, but his lodging room was on the fifth floor and it was with difficulty that he saved his grip and personal property and it is understood that he lost a valuable overcoat. The other gentlemen had rooms on the second and fourth floors and managed to save their grips and suit cases. Sheriff Graft was the first one to reach the hotel after word was received of the fire at the convention and went to the rooms of several from this city and saved their grips and overcoats and other articles. Miller Weir also arrived about the same time at the hotel and saved a number of suit cases and other articles belonging to Jacksonville men.

LOYAL AMERICAN ASSEMBLY.
The members of Loyal American Assembly No. 228 enjoyed a social meeting Thursday evening. A large number of the members were present and a very pleasant evening was enjoyed. The hall was prettily decorated in red, white and blue and after the rendition of an excellent program, consisting of recitations and musical numbers, the remainder of the evening was enjoyed in dancing and socially. A feature of the program was a flower drill by six little girls, which was much enjoyed. During the evening excellent refreshments were served.

A MEMORY OF A PILLOW FIGHT.
"The first time Dick Yates came to Springfield and had the distinction of a headquarters," said his secretary, Mr. Horace H. Baneroff to day, "was in December 1899, when the love feast was held and he announced his first candidacy for governor."

"He was accompanied by about 500 Morgan county voters. They thought they had their quarters all provided for, but found out there had been a mistake. Yates had this room which he is now occupying and that night he and seventeen friends slept in it. The room, as you see, is very small. Andy Russell, Art French and many others were in the party that was stored away like sardines in a box that night. A. C. Huston, the banker, was in the crowd, and he snored so loudly that Russell got up and whistled. Everybody was awakened up and an old fashioned pillow fight followed. There was no more sleep that night."—Springfield News.

ACQUITTED OF MURDER.

Kansas City, March 26.—Gen. Richard C. Gorne was acquitted of murdering H. J. Groves, manager and editor of the Kansas City Post, by a jury in the criminal court to night. The verdict stated Gorne was insane when he shot Groves, and was not fully recovered and committed him to an asylum.

STATE NEWS

March Against Liquor.

Decatur—Women and children marching the streets bearing banners and transparencies with the legends, "Vote Yes," "Please Protect Us," probably will be one of the anti-liquor features, if plans now considered are carried out. Decatur women will have a prominent part in the fight local option and while they are denied the right of suffrage, they will use every legitimate means to influence the vote of their husbands, brothers, and sweethearts at the polls. Hence Decatur will be treated to the unaccustomed sight of stylishly dressed, trimly shod society women parading the streets behind a brass band in the cause of no-liquor.

Weighted 569 at Death.

Petersburg—Miss Eva May Allen, 33 years old, said to be the largest woman in the world, died at the home of her parents, Mr. and Mrs. Logan Allen, in the west part of Petersburg. She was born Sept. 28, 1876, five miles west of Petersburg, and until about 12 years of age she was of normal size. Her weight increased until she was 30 years of age, when she attained the weight of 600 pounds. She has been exhibited in all the large cities. The weight of her body at death was 569 pounds. The casket was too large for the hearse and was taken to the cemetery in a drag.

Pupils Cannot Aid Temperance.

Lewistown—That Lewistown's school children will not march on election day so as to influence the local option results, was decided by the school board, many of whom favor local option, but fear it is beyond their authority to allow the children to leave school for that purpose.

Pittsfield—The Jerry Mink well-drilling outfit is drilling for gas on the farm of Mrs. Sarah Mayes, west of this city. This farm is in the gas belt, and the indications are promising for a fine flow.

Apple Crop Promising.

Pittsfield—W. E. Caldwell of Griggsville, a prominent apple grower, states that the prospect for a large apple crop this season is especially favorable. Mr. Caldwell has the largest orchards in the county and is considered an authority on culture of that fruit.

MISS RUBY RYAN

IN SENIOR RECITAL.

Pupil of Prof. Stead Gives Brilliant and Pleasing Program.

Miss Ruby Ryan, pupil of Mr. Stead, gave her senior piano recital yesterday afternoon in music hall, at the Illinois Woman's college assisted by Elmer Adams, violinist, pupil of Mr. Stafford. Miss Ryan has a very fluent, clear-cut, technique and produces a good tone. She not only plays with brilliancy, but much musical understanding, the latter being fully shown in the Schumann Papillons and the Chopin numbers. She gave a very brilliant rendering of the difficult Scherzo from the Moszkowski in E. major.

Mr. Adams' numbers added greatly to the program. He always plays with a beautiful tone, making his playing highly enjoyable.

The next senior recital will be given by Miss Helen Colean, pianist, pupil of Mrs. Stead and Miss Jess Rottger, vocalist, pupil of Mrs. Read next Thursday. The following was the program:

Capriccio Scarlatti

Papillons (Twelve pieces representing scenes in Vienna) Schumann

Violin—In May Von Fieitz

Scherzo Von Goens

The Nightingale Liszt

Witches' Dance MacDowell

Nocturne, Op. 37, No. 2 Chopin

Variations, Op. 12 Chopin

Scherzo (from Concerto in E. Major) Moszkowski

Orchestral parts on second piano.

Mr. John Flynn, of the Durbin neighborhood, sold, yesterday, 120 head of choice fat hogs that average in weight 295 pounds. He received 5 cents per pound, the highest price paid in several months. Mr. Flynn says he still finds it profitable to raise pork, even with corn worth 60 cents per bushel.

RECEIVED THREE NEW BUSES.

J. W. Woods received three omnibuses and a baggage wagon yesterday for his transfer line, and they were put in use for the first time Thursday afternoon. The buses are the finest that have ever been used in the city. They were purchased from the E. M. Miller & company of Quincy and are up-to-date in every way. They are upholstered in leather and are highly finished and present a very beautiful appearance. One of the buses will be used for the Dunlap hotel and one for the Pacific, while the third one will be used for night service and will carry passengers to both hotels. The vehicles are driven by white teams, which are especially bought for that use. A transfer wagon has also been purchased and is painted to match the

Constipation Ruins Health

You can't be constipated and healthy. Constipation is the arch enemy of health. It causes more sickness than any other condition. It is the forerunner of appendicitis, blind diseases, skin diseases, it makes you more quickly liable to colds, malaria, pneumonia and fever diseases. It is far from the trifling ill that many unthinking people believe it is. One often hears the expression, "I'd be all right if it wasn't for my stomach." Most assuredly. The majority of mankind would be in nearly perfect health if it wasn't for constipation or dyspepsia. But knowing its dangers the thing of next importance is to fight it. The greatest foe of constipation is Dr. Caldwell's Syrup Pepsin. It was designed for that very purpose. Thousands of individuals and families are using it to fight the ailments of the stomach, liver and bowels. The cures it has made prove it to be a wonderful remedy in constipation even of the most obstinate nature, and every constipated person should use it and know from personal experience what it will do.

Cured by Dr. Caldwell's Syrup Pepsin

I received a gun shot wound in '64 while in the army which caused a partial paralysis of the bowels and from that time to the present I have had to use a laxative. I have tried a great many kinds of medicines in that time but have never found any as effective or that has been so near as Dr. Caldwell's Syrup Pepsin.

I have used Dr. Caldwell's Syrup Pepsin and consider it invaluable as a tonic and aid to impaired stomach and digestive organs. Your remedy promotes health and happiness and should be in every household. GEO. C. RANKIN, National Bank Receiver, Washington, D. C.

I want to say a word for Dr. Caldwell's Syrup Pepsin. A word is all that I can say for I cannot express all that I think of your Syrup Pepsin. For many years I have suffered from a bad case of kidney trouble. The doctor told me I could not live and I was in such condition that even the most severe remedies given me were a failure, but Dr. Caldwell's Syrup Pepsin entirely cured me. I wish to say to my friends that they should not fail to use Dr. Caldwell's Syrup Pepsin. When I was taken with Dr. Caldwell's Syrup Pepsin and now weigh 170 pounds.

HARRY H. CHAWFORD, Decatur, Ill. I have had stomach troubles for twenty years and was told by the doctor to discontinue taking Dr. Caldwell's Syrup Pepsin. Everything I ate distressed me. I have taken three bottles of Dr. Caldwell's Syrup Pepsin and am still using it. I have no more pain in my stomach, have a good appetite, eat anything I want and work every day. G. E. RICKERT, Assessor, Perry township, Allen Co., Indiana.

Enclosed please find P. O. order in payment of my last bill, and you may send me by freight four dozen of the Syrup Pepsin, fifty-cent size. Send this order at once, for I think they are eating it on their bread around here. S. H. HORN, Metairie, Ill.

I am recommending your valuable Syrup Pepsin to all my friends in this community and others that wish an invaluable remedy for dyspepsia, constipation, indigestion, etc. G. A. FISHER, Ciudad Portillo Diaz, Mexico.

WANTS FOR OFFICIAL NEWS.

Hill Declines to Credit or Discuss Ambassadorship Question.

Paris, March 26.—In the absence of official confirmation either from Washington or Berlin, David Jayne Hill declined today to credit or discuss the report the German government has changed its original attitude and refused to receive him as ambassador. The only information he received to day on the subject was a private telegram from Berlin saying the German foreign office has flatly denied any official action has been taken.
It is learned Minister Hill is considerably disturbed and mystified by the whole circumstances, as he is aware of nothing either at the Hague conference or during Prince Henry's visit to Washington that could form the basis of objection to him as American ambassador. After Prince Henry's visit to Washington, the presented to Hill, who was then assistant secretary of state, a large photograph of himself, inscribed with his autograph as a testimony of thanks.
Berlin, March 26.—The Lokal Anzeiger prints a statement, evidently coming from the foreign office, regarding David J. Hill. It denies the report called from Washington that a letter is under way for

Chicago Grain Market.

(By Associated Press.)
Chicago, March 26.—Wheat—Sentiment bullish almost the entire day, although the market experienced an occasional setback because of profit taking sales. Most pronounced decline occurred the final hour, but reaction was of short duration and was followed by a sharp rally which carried prices to a new high point for the day. Close was strong, firm colors, small receipts northwest, continued absence of rain in Kansas chief strengthening influences. The principal demand came from shorts, although commission houses were active buyers late in the day.

Corn—Business lacked the snap that had characterized trading some time past and sentiment was inclined to be bearish. Bull leaders apparently made no attempt to support the market and there was more or less selling by local and outside large.

The market manifested little firmness early, owing to strength of wheat and again near the close prices advanced in sympathy with the late upturn of wheat. Country acceptances were light and demand for cash grain slow.

Oats—Trade quiet; commission houses moderate buyers and longs chief sellers.

LIVES DEARER THAN OUR VERY OWN

How many lives dearer to us than our very own have been placed in needless jeopardy by failure to provide against and forestall the great suffering which too frequently accompanies and follows the bearing of children? That we would do anything within our power to obviate the possibility of such an happening is too patent to admit of question; therefore—mark well this fact—a liniment.

DEATH RECORD

Cooper.
Mrs. Catherine Cooper, aged 67 years, was found dead at her home near Ashland Thursday morning about 3:15 o'clock by her family. Mrs. Cooper had been in poor health for some time but because of the suddenness of the death Coroner Spencer of Murrayville was summoned and held an inquest.

The funeral will be held at 2 o'clock Saturday afternoon at the Ashland M. E. church.

Pure lake ice. R. A. Gates Fuel & Ice Co. Both phones No 13.

ATHLETIC WORK ENDED.
The work of athletes among the girls of Illinois college came to a close yesterday. About twenty-four girls have been in the calisthenic work and Thursday they gave an exhibition of daily work which was a good exemplification of their advancement, and was enjoyed by all present.

Misses Cook, Gruenewald, Glandon, Crawford, Doocy, Ayers, Eleanor Capps, Marion Capps, Cressey, Routh, Rodge, Ruth and Margaret McLaughlin, Welsner, Piper and Wyatt, composed a class in apparatus work of which they have been most enthusiastic. On account of the quarantine at the Blind, Mrs. L. E. McLaughlin has been unable to take charge of the work of training the young ladies and Mr. McLaughlin has been filling her place.

FUNERAL NOTICE.
The funeral services of Clara Helen Chipchase will be held this afternoon at 2:30 o'clock. Funeral private on account of illness in the family.

LOST—Bunch of keys. Return to Farrell's bank.

WABASH WRECK

Eastbound Passenger Train Leaves Track Thursday Morning at Neelyville—Engine in Ditch.

The vicinity of Neelyville was the scene of what might have been another disastrous wreck on the Wabash Thursday morning. East bound passenger train No. 28, which is due in this city at 2:34 a. m., was derailed at the switch just west of Neelyville at 2:30, blocking the track until after 11 o'clock. If it had not been for the fact that the train was going up grade and therefore at a slow rate of speed there is no doubt that a very disastrous wreck would have resulted. No. 28 is the Kansas City train and is one of the fastest trains on this division of the Wabash. The stand at the west switch, it is thought, was broken by a falling door of a box car of a west bound freight, and when the train reached this switch the engine and the two first cars were derailed, the engine lying completely overturned. No one was hurt, but Engineer Eaton and Fireman Rainey, who remained themselves more than fortunate that they were not seriously hurt, if not killed. The first car was a palace stock car and was loaded with fine horses, but was only slightly damaged and none of the animals were injured.

The Decatur and Springfield wrecking crews were sent to the scene at once and had the track cleared and repaired before noon. G. S. Kirkman of Hannibal, brakeman on the Decatur wrecking train, had one of his fingers badly mangled while at work, which will probably have to be amputated. Another engine was sent from Decatur to be used on the train and arrived in the city about 12 o'clock, where it found a crowd of politicians who had been waiting, some since midnight, without breakfast and dinner, to be taken to Springfield to the state convention. The east bound passenger, which is due in this city at 2:34 a. m., and the one due here at 11:17 a. m., were blocked the other side of Neelyville and did not arrive in the city until noon also.

RECOVERING SLOWLY.

GOVERNORSHIP FIGHT.

Important Conference Held in Executive's Office in Springfield.

Springfield, Ill., March 26.—(Special.)—Conferences that will have an important bearing in the governorship fight between Deneen and Yates were held today in this city. Mayor Busse of Chicago met Gov. Deneen at the executive office at the state house at 8:45 o'clock in the morning, and they were in conference for thirty minutes. About an hour later Mayor Busse held another conference with the governor at the same place which lasted for fifteen minutes. At 11 o'clock there was a conference with the governor at the state arsenal at which were present Gov. Deneen, Postmaster Campbell of Chicago, and Fred M. Blount, of Chicago.

WANTED FIRE DEPARTMENT.
About 12:40 o'clock the mayor of Springfield telephoned to the local fire department asking them if they could come to the capital city to aid in the fire. The department was making plans to go when in about twenty minutes another telephone message said that the fire was under control and their services were not needed.

HAD 150 PIGEONS STOLEN.

It was reported last night that William Ellcock, who runs the grocery store on South Main street, had 150 pigeons stolen. Police authorities investigated the matter, but nothing definite could be learned of the trespassers.

MADE VISIT TO PANAMA CANAL

Misses Maier and Fisher Return After a Long Voyage—See Wonderful Progress in Southern Country as Result of American Brains and Brawn.

Miss Lillian V. Maier and Miss Alice E. Fisher, her cousin, arrived in the city yesterday, after having been absent for three months. They were accompanied by Miss Fisher's father, Albert Fisher, of Salt Lake City, Utah, who came as far as St. Louis with them. The party left the western coast on the ship "San Jose" and their trip took them to Mexico, Panama, and in fact all the southern countries bordering on the United States. They visited the Panama canal and witnessed the work that is in progress there. Hundreds of Americans are there and one could readily see that the natives were in the majority. The houses there are movable, set on heavy sills and stone piers. The large steam shovels which are doing the work are divided into sections, each supplied with a force of competent men to handle them.

They were much taken with Havana, Cuba. They could scarcely believe what a city it was and it was very evident the product of American brains in the country's development. They also saw the wreck of the battleship Maine, which was blown up a few years ago. The wreckage is very inconvenient for ships to land in the harbor and it is expected that steps will be taken shortly to remove the debris. On their way home they stopped at the keys and also visited the palm beach, the pleasure resort of Florida. While in Mexico they witnessed a bull fight. They report the temperature about 80 to 90 degrees during their entire voyage. The trip was all one could desire and they returned in good health and much elated over their long voyage.

Lake Forest-Illinois Debate.—Illinois college gymnasium to night, March 27, at 8 p. m. Informal reception after debate. Admission 25c.

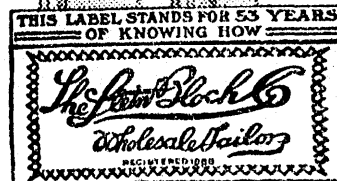

CALLED TO PASTORATE IN PHILADELPHIA.

Rev. C. C. Pierce, Former Pastor Here, Leaves Chaplain Duties in U. S. Army.

Mrs. C. R. Morrison, the wife of Rev. Mr. Morrison of the Brooklyn church, has received word from her sister that the latter's husband, Rev. C. C. Pierce, who has for a number of years past been chaplain in the United States Army, has left the army and accepted a call to the St. Mathews Episcopal church in Philadelphia. Both Mr. Pierce and wife formerly lived in Jacksonville; he was at one time a pastor of the Baptist church in this city and afterward had charge of a church in Germantown, which is a suburb of the city of Philadelphia. Mrs. Pierce and Mrs. Morrison are daughters of the late Dr. Edwin Rees, who lived a long time in and near this city.
